**Allied Mortgage Group's ProfessionalChoice Home Mortgage Loan Lets Professionals in the Medical, Dental, Legal and Accounting Fields Borrow Based on Future Income**

Bala Cynwyd, Pennsylvania - February 21, 2019 - Allied Mortgage Group is pleased to introduce their new "ProfessionalChoice Mortgage Loan". This unique home loan is designed specifically for professionals in the Medical, Dental, Legal and Accounting fields who may not qualify for a traditional home loan. The ProfessionalChoice Mortgage Loan combines good credit, and future earnings potential along with a low down payment, to make home ownership accessible for those clients in specialized professional degree programs who live, work, or worship in Chester, Delaware, Montgomery, Bucks, Philadelphia or Lancaster counties in Pennsylvania.

Allied Mortgage Group recognizes the unique financial challenges that many professionals face who have just completed their residency, recently started their professional careers, or are already active in a fast-growing Medical, Dental, Legal, or Accounting practice. Bob Wexler, Vice President of Strategic Initiatives said, "Rather than qualifying on their past or current income, we developed a loan that looks to the future potential of these professionals who have invested so much of their time and money" Mr. Wexler continues "One of the best features of the ProfessionalChoice Mortgage Loan is that those professionals with student loan debt can still qualify. Other benefits include: no down payment on a single-family home of up to \$850,000, only 3% down up to \$1M, no mortgage insurance requirement and no prepayment penalty."
